

Congratulatory Message from ECTI for ICCAS 2020

On behalf of ECTI (Electrical engineering, electronics, Computer, Telecommunication, and Information technology) Association, Thailand, it is a pleasure for me to welcome you to the International Conference on Control, Automation, and Systems (ICCAS 2020), on October 13 – 16, 2020. This is one of the most remarkable conferences in the field of Control, Automation, and Systems in the world.

This year, it is very unfortunate that COVID-19 pandemic is spreading globally. ICCAS 2020 needs to go for a Virtual Conference. We will miss a beautiful city of Busan in Korea. We know that the host makes and prepares everything to ensure that the conference quality is the same as on site conference.

Once again on behalf of ECTI Association, we would like to express our sincere appreciation and gratitude thanks to ICCAS 2020 organizing committee. We wish ICCAS 2020 is success as usually, and look forward to seeing you all again next year.

Assoc.Prof.Dr. Sinchai Kamolphiwong
President, ECTI Association

Mr. Sinchai KAMOLPHIWONG received Ph.D. degree from the University of New South Wales, Australia. He is now Dean of College of Computing, Prince of Songkla University (PSU), Thailand. He also serves as President of ECTI (Electrical engineering, electronics, Computer, Telecommunication, and Information technology) Association. He leads 20 funded research projects. He publishes some of 100 technical papers. His main interest research areas are: e-health, Computer Networks, Multimedia Communications, Network Mobility, and Performance Evaluation. He is a co-founder of IPv6 Forum Thailand, chair of IPv6 Thai-UniNet, Former Advisor to the Permanent Secretary of Ministry of ICT. He serves as chairs, co-chairs, advisory boards, and technical committees in various conferences, more than 100 of them. Around 80 invited talks were made during a last decade.
